

Browser Incompatibilities

	Links	Midis	Graphics	Other Stuff
Internet Explorer	everything works OK			
Firefox		2	1	
Netscape		2	1	
Mozilla		2	1	
AOL		2	1	
Opera	everything works OK			
Avant	everything works OK			
Maxathon	everything works OK			
Green	everything works OK			
Acoo	3	2	1	
(any others)	Let me know of your results.			
MAC-Apple	I have no way to test these browsers. Let me know if you can.			
	1	censored graphic using CSS is too high		
	2	midi doesn't play on index, memories, faq (moonglow), rememb (100#)		
	3	very slow to load		

All browsers are the latest editions available.
